

AmeriGlide

Extender Plus

All-black battery box and bracket with matte finish

One-piece drive-on/drive-off platform comes fully assembled

Single-piece horizontal drive rail means less noise, increased rigidity, and more fluid movement

Removable front drive panel for easy serviceability

Angled low-profile platform for easier entry and exit

4" more usable space

Adjustable wheel chocks on the platform surface

Easy to install and easy to use, the AmeriGlide Extender Plus is an interior platform lift that features a single-piece platform that you can drive your power chair or scooter on or off from in either direction. What's more, it's built with quality construction and the great looks you've come to expect and deserve.

- Made in the U.S.A.
- 3-year transferable warranty
- 325 lbs. lifting capacity
- Easy-to-use 2-button hand control
- Can lift a variety of power chairs and scooters from Pride as well as other brands
